RUBINETTERIA ITALIANA SINCE 1905

*Teorema,
una storia italiana.*

Teorema, an Italian wonder.

*Siamo nati
più di 100 anni fa...*

Established over a hundred years ago...

1905. Luigi Bonomi fonda la “Metallurgica Bonomi”, officina che si specializzerà poi nella produzione di rubinetteria. Nel 1970 diventerà Teorema.

In 1905 Luigi Bonomi founded the “Metallurgica Bonomi” a metal workshop specialized in the production of taps and mixers. In 1970 it became Teorema.

*... E da allora non ci siamo mai fermati.
Da sempre curiamo ogni dettaglio.*

... And we haven't stopped since.
Since always we have taken care of every detail.

Progettiamo e creiamo rubinetteria italiana. Bella, funzionale, curata in ogni dettaglio. Teorema è il marchio impresso su un prodotto realizzato con i migliori materiali che sfidano il tempo e che si distinguono per i particolari. Ogni linea, ogni curva, ogni singolo elemento racconta la storia di un marchio che rappresenta l'essenza del Made in Italy: qualità, affidabilità, design.

We project and create Italian taps. Beautiful, functional and carefully studied. Teorema is the brand printed on a product, created with the best materials which challenge the time and distinguish themselves for the details. Every line, curve and element tells the history of a brand, which represents the essence of the Made in Italy: quality, reliability and design.

*Abbiamo vissuto
la belle époque...*

We have lived through the "belle époque"...

L'innovazione ha nomi precisi: Tex, miscelatore che quando fu lanciato, nei primi anni Settanta, segnò una vera e propria rivoluzione nella rubinetteria.

Innovation has a specific name: TEX, a single lever mixer, which since it was launched, in the early 70's, represented a real revolution in the sector.

*... E non abbiamo mai perso la voglia di innovare.
Ricerca, design, tecnologia.*

... And we have never lost our desire for innovation.
Research, design, technology.

Innovazione, ossia la spinta che più ci anima fin da quando siamo nati. Perché è proprio grazie all'innovazione, e cioè alle soluzioni tecniche, funzionali e anche estetiche, che riusciamo ad essere sempre all'avanguardia nel settore della rubinetteria.

Innovation: the push that inspires us since our birth. Because it is thanks to innovation, namely technical, functional and aesthetical solutions, that we are able to be always on the cutting edge in the faucet sector.

*Siamo stati protagonisti
dei favolosi anni '60...*

We were there during
the fabulous Sixties...

Oggi Teorema può contare su una rete commerciale capillare che riesce a soddisfare in tempo reale ogni richiesta con consegne tempestive.

Today Teorema can rely on a widespread commercial net, which can satisfy in real time every request with prompt deliveries.

*... E siamo cresciuti conquistando
il mercato internazionale.
Un'evoluzione all'insegna del più accurato servizio.*

... And we have grown and taken over
the international market.

An evolution marked by the most accurate service.

interpretare al meglio
la razionalità
